

Cllr Richard (Dick) Pikett

I was born and have lived in Welton all my life. I am married to Lynn with a grown up family, all born and educated in Welton.

Upon leaving De Aston School in Market Rasen, I joined the then Lincoln City Fire Brigade which on amalgamation in the 1970's became Lincolnshire Fire and Rescue Service where I served for 32 years as a Fire Officer. I then spent 10 years being employed to carry out Fire Safety inspections on M.O.D estates before taking a career change and becoming a Personal Support Worker.

I have been on the Parish Council for 12 years, including a term as Vice-Chairman and Chairman since 2009 which I find extremely satisfying.

I have seen considerable expansion in the village over the years and firmly believe that the infrastructure of the village needs to expand and keep pace with development, which is currently not happening.
