

Views were sought from the residents of Stonecliff Park with regards to the Neighbourhood plan. Eight residents were able to attend the meeting, which was well received, and they were happy to be included within the consultation.

The things that they like about Welton:

- Friendliness
- Sense of community
- To a degree the village has all the amenities you need

The things they didn't like:

- House building – the opportunity was taken to explain about the CLLP allocating of development sites, not the Parish Council.
- The size of the Drs is not sufficient
- Traffic and parking within the village is a major issue

How they would like to see the future of Welton:

- Provision of a larger doctors
- A supermarket
- Village to stay the same
- Public Park to enjoy walks in
