

As part of the Neighbourhood Plan consultation, we went into William Farr School to seek the views of the School Council for our updated Neighbourhood Plan. There were 19 members of the School Council there, but only 2 of them lived in the village.

The things they like about the village:

- Relatively quiet/safe
- Pleasant village
- Never feel in any danger

The things they don't like about the village:

- Elements of Manor Park – intimidation by groups of youths drinking, waterlogged pitch

The changes they would like to see in the village:

- A supermarket
- More trees, herb garden
- Public set of toilets
- Free/reduced rate usage of astroturf
- Nettleham Hub – coffee shop type space with the library
