26/02/06 Finance Matters

- a) Members received details of income and expenditure to 31.1.2026. Cllr Fletcher reported Year to date surplus has remained the same at the end of P9 i.e. £20k.
Although P11 & P12 will see higher utilities costs and usual year end expenditure flowing through the accounts it is forecast that we will finish the year in a strong position with, perhaps, a trading surplus in excess of the envisaged £15.
This surplus is influenced by a number of factors, such as:
Non-domestic Rates charge for Manor Park not made £7.5k
Additional bank interest £5.5k
Unspent play equipment maintenance costs c£4.5k
Reduced insurance costs £1,700
Incidental income streams c£2.5k
This is good news with respect to the overall bank balance and ear marked reserves. As it stands we have a draw down to year end amounting to some £94k against the projected 2 period figures, including seasonal adjustments, that may account for £65k of that sum. Therefore a figure in the region of £25k - £30k is achievable. Again, this is due in the main to those factors previously mentioned.

- b) A discussion took place on the value of purchasing Public Access Trauma First Aid kits (PACT kit), no training is required to use them, instructions will be given by the emergency service after dialing 999 and on a proposal from Cllr Seal, seconded by Cllr Mrs Watson it was **RESOLVED** on a majority vote (9 for, 1 abstention) to purchase three kits to be located at Manor Park, Ryland Road playing field and outside the Parish Office adjacent to the defibrillators, at a cost of approximately £1,800.
- c) The Internal Auditor's report was received.
- d) On a proposal from Cllr Briggs, seconded by Cllr Mrs Chapman it was **RESOLVED** following a unanimous vote to ratify the accounts paid in January.
