**6. Clerk's Report:** None to date

**7. Financial: (Green Paper)**

- a. Report of income and expenditure to 31.5.25

**8. Trees/Planting/Grass cutting:**

- a. Cllr MP - report at meeting.
- b. Copy of email from resident

Thank you for your e mail regarding the problem with the trees to the rear of our property. As I am sure you understand, we are extremely disappointed with the decision made by the Amenities and Services Committee to do nothing about our growing problem. We fully appreciate that the trees which are overhanging our garden may be under a protection order but it is the Parish Council's responsibility to ensure that they are not causing damage to our property. We are fully aware that we are legally entitled to prune or cut back the tree branches which are over our boundary but it is the councils' responsibility to do this, not ours and we are unable to reach the branches from our side due to their height and the Beck.

**9. Footpaths:**

Cllr SW - report at meeting.
